

May 1, 2021

Dear Patients and Friends:

I am pleased to announce that after 36 years in dentistry, I am retiring. I will miss all of the wonderful friendships that I have enjoyed throughout the years. I want to thank you for allowing me to serve your dental needs and be a part of your family.

Because I want to be certain that my patients continue to receive the best possible care, I have carefully chosen Dr. Enas Karim and Dr. Milad Karim to continue the dental practice and service you and your families as I have. I am very excited to transition my practice to them. You will find they are warm, caring and truly genuine people.

Dr. Enas Karim attended the University of Detroit Mercy where she earned a Bachelor of Science degree in 2011. She received her Doctor of Dental Surgery Degree From the University of Detroit Mercy Dental School in 2015. She is an active member of the American Dental Association, Michigan Dental Association, Detroit District Dental Society, and Academy of General Dentistry. She prides herself in being a lifetime learner and is committed to providing the best quality care to her patients that is based on science and evidence.

Dr. Milad Karim attended Wayne State University where he earned a Bachelor of Science in 2012 and a Masters degree in 2014. He received his Doctor of Dental Surgery Degree from the University of Michigan Dental School in 2019. He was class president all 4 years in dental school.

Drs. Enas and Milad Karim are siblings. They are taking over with a big heart, friendly demeanor and a wealth of experience. They believe in family values and in treating all their patients like family. They are skilled clinicians and will be able to provide for all your dental needs. Drs. Enas and Milad Karim are compassionate and considerate individuals and these are the some of the qualities I admired in choosing them to be my successors.

The current office team will be staying to assist you and help you welcome the new doctors. We will be working together to ensure a smooth transition and respond to your specific needs. Your next visit with your favorite hygienist will give you an opportunity to meet them. Should you have a need for dental treatment, please contact the team. The office will have all your past records and radiographs so treatment can continue uninterrupted.

You have been such wonderful friends to me and I ask you all give the doctors a warm and friendly greeting the first time you meet them. I'll appreciate all that you can do to make them feel welcome and I can assure you they will take excellent care of your entire family.

Thank you again for the past 36 years and making the practice into much more than a dental office, but into my second home.

Best wishes,

Dr. David Campbell
